- 10.00am Highrent Angus open
- 11.00am Presentation: The prediction and measurement of IMF in Angus Cattle with Andrew Lynn
- 12.00pm BBQ Lunch at Highrent
- The Station Angus open
- 1.30pm Ag Drone demonstration: LyonAg Drone Solutions
- 2.00pm Highrent Angus close
- 4.00pm The Station Angus close

**HIGHRENT
ANGUS**

Open from 10.00am – 2.00pm
'Highrent' 12524 Oxley Highway

View a sample of our bull calves, which will be offered as yearlings at our ANNUAL SALE ON FRIDAY 25 AUGUST, along with some heifers, and young cows.

11.00am Presentation: The prediction and measurement of IMF in Angus cattle and why this is important for commercial producers

Andrew Lynn BSc(Hons) PhD candidate examining the relationship between genomics and eating quality at UNE. Andrew has organised Angus steaks from a project with ranging IMF and will run a demonstration using the masterbeef camera to read the IMF% in the steaks. These will then be cooked for lunch.

Jo Bacon BVSc will be available to answer any animal health queries, while Andy Burwell will follow-up on the commercial Heifer Select Program.

THE STATION ANGUS
YARROWITCH

Open from 12.00 – 4.00pm
'Marathon' Yards, Chandlers Road

The Station Angus offer affordable bulls for the discerning commercial breeder. While temperament is key, our main aim is to breed bulls that sire progeny with the potential to meet the highest eating quality standards. On the day we will have a selection of our bulls to view.

1.30pm Demonstration by LyonAg Drone Solutions

Afternoon tea provided.
